

ENOTECH Industrial Automation

Company Profile 2026

Who we are

ENOTECH INDUSTRIAL AUTOMATION ΜΟΝΟΠΡΟΣΩΠΗ Ι.Κ.Ε. — Single Member Private Company (S.M.P.C.), trade name ENOTECH AUTOMATION — designs and builds special-purpose machines, robotic cells and complete production lines.

We combine mechanical engineering, electrical installation, PLC/HMI/robot programming, servo motion and safety design into a single technical solution.

Services

- Special-purpose Machines
- Robotic Production Cells
- Robotic Palletizing
- Machine Vision & Traceability
- Machine Retrofit
- PLC, HMI & SCADA
- Servo, Motion Control & Indexing
- Food, Pharma & Cosmetics Automation

Industries served

- Food & Beverage
- Pharmaceutical & Cosmetics
- Packaging
- Metalworking & Automotive
- Energy & New technologies

Project methodology

- Study & feasibility
- Mechanical & electrical engineering
- Build, programming & Factory Acceptance Testing (FAT)
- On-site installation, SAT & operator training
- Ongoing technical support with an agreed SLA per project

Technologies & manufacturers

Robotics & handling · PLC, HMI & SCADA · Servo & Motion · Pneumatics & Valves · Sensors & Machine Vision · Electrical panels · Machine safety (EN ISO 13849).

Company details

Company name: ENOTECH INDUSTRIAL AUTOMATION ΜΟΝΟΠΡΟΣΩΠΗ Ι.Κ.Ε.

Legal form: Single Member Private Company (S.M.P.C.)

Trade name: ENOTECH AUTOMATION

VAT: 803259445 · GEMI: 193256101000

Headquarters: Pindou 7, Acharnes 13673, Athens / Attica, Greece

Email: enotech@enotech-automation.gr
